

# Maniac

This modern day spoon is as deadly as it is simple. It comes in 8 sizes ranging from 5-45gms in both "Salt" and "Freshwater" variations. The Maniac spoon has a beautiful swimming action that never changes with any size. Maniacs are designed for slow to medium spinning, and trolling, but can certainly be jigged in shallow water circumstances.

MANIAC OPTIONS: All Maniac are available in chrome main body version. See color chart for sticker option. All models 5,7,9,12,17,21 are available with Lure-tail option, Maniac30,45's are available with stainless steel welded ring option and either treble hooks, Single Siwash hooks or Lure Tails

## Maniac Technical Specifications - Slow / medium speed lure.

## Fresh Water

Maniac are also available in a range of freshwater colors with either bronze trebles or lure tails. These colors are aimed at trout, salmon, pike, bass and many other freshwater species. Customers can also have saltwater colors with bronze trebles as a "special" alternative. Speak to your local distributor for more details.
